School District Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.

An IPM plan is required if a school district uses pesticides¹

Larkspur Corte Madera	230 Doherty Drive, Larkspur, CA. 94939
School District Name	Address

District IPM Coordinator	IPM Coordinator's Phone Number Email Address
IPM statement	
It is the goal of <u>LCMSD</u>	to implement IPM by focusing on long-term prevention or suppression of pests
habitat less conducive to pests using sanitation	ent monitoring for pest presence, by applying appropriate action levels, and by making the on and mechanical and physical controls. Pesticides that are effective will be used in a rty, and the environment, and only after other options have been shown ineffective.
Our pest management objectives are to: (Example:	
Eliminate pests at our schools	s through mechanical and physical controls, rather than
using pesticides, wherever po	ossible
complying with the Healthy Schools Act requi	riduals who are involved in purchasing, making IPM decisions, applying pesticides, and rements, include:
Name and/or Title	Role in IPM program
Coast Landscape Managemer	nt Landscaping weed control (hand pulling only)
	7 T T T T T T T T T T T T T T T T T T T
**	
Pest management contracting	
Pest management services are contracte	
Pest Control Business name(s): West	
Prior to entering into a contract, the schoot training requirement and other requirement	of district has confirmed that the pest control business understands the ents of the Healthy Schools Act.
Pest identification, monitoring and	inspection
Pest Identification is done by: LCMSD st	aff & Western Exterminator
(Example: Colleg	ge/University staff, Pest Control Business, etc.)
Monitoring and inspecting for pests and condi LCMSD staff	tions that lead to pest problems are done regularly by
(Example: District staff title, e.g. Maintenance staff)	and results are communicated to the IPM Coordinator.
•	
	pecting for pests, such as locations, times, or techniques include:
(Example: Sticky monitoring boards are placed in the kitch	en and are checked weekly by custodial staff.) ea, all food sources are removed and cleaned up, traps are
n posts are detected in all ale	a, an room sources are removed and diealied up, tiabs afe

set, intrusion access points are blocked with physical barriers, and area is monitored

weekly for future pest activity.

Pests and non-chemical management practices This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level: Seal Install **Physical** Manage Remove Fix leaks Pest **Traps** Other irrigation food cracks barriers removal Rodents Ø 0 Ants 0 回 Ø Ø Bait traps & spray Chemical pest management practices If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment. This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.): EcoVia EC, by Rockwell Labs LTD, spray application for ants. US EPA Product Registration #: None/Exempt **Healthy Schools Act** This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188) Training Every year school district employees who make pesticide applications receive the following training prior to pesticide use: Pesticide specific safety training (Title 3 California Code of Regulations 6724) School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5). Submittal of pesticide use reports Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711) Notification

This school district has made this IPM plan publicly available by the following methods (check at least one):

lcmschools.org This IPM plan can be found online at the following web address:

This IPM plan is sent out to all parents, guardians and staff annually.

Review

0	This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still tru	
Da	and correct. te of next review:	October 2020

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.
