SCHOOL

California school financing doesn't provide adequate funding for the well-rounded education our children deserve. Show your support by giving to SPARK and your campus today.

### ANNUAL ASKS

SPARK relies on the generosity of District families and the local business community to raise \$1.5M annually. Revenue is generated primarily through financial donations to Annual Giving and our goal is 100% family participation.

Additional fundraising opportunities throughout the year include: corporate matching gifts, business partnerships, community events and more.

**The recommended donation is \$1,250 per student.**

### WHAT SPARK PROVIDES

SPARK pays for salaries and benefits for 14 teachers across 12 programs district-wide, providing our students with access to a robust array of programs including: Music, Art, Science, Makerspace/Technology & Engineering, Wellness & Counseling, Spanish\* and Leadership\*.

\* Hall Middle School only
