

**Important Notice to Employees from the Larkspur-Corte Madera School District
About Creditable Prescription Drug Coverage and Medicare
September 2014**

The purpose of this notice is to advise you that the prescription drug coverage available under the medical plans sponsored by *the Larkspur-Corte Madera School District* listed below are expected to pay out, on average, at least as much as the standard Medicare prescription drug coverage will pay in 2014/2015. This is known as “creditable coverage.”

Why this is important. If you or your covered dependent(s) are enrolled in any prescription drug coverage during 2014/2015 and are or become covered by Medicare, you may decide to enroll in a Medicare prescription drug plan later and not be subject to a late enrollment penalty – as long as you had creditable coverage within 63 days of your Medicare prescription drug plan enrollment. You should keep this notice with your important records.

Note: Some prescription drug programs offered by the Larkspur-Corte Madera School District do **not** provide creditable prescription drug coverage. If you are enrolled in (or interested in enrolling in) any drug coverage **not** listed in this notice, please review the Larkspur-Corte Madera School District companion notice entitled “Important Notice from the Larkspur-Corte Madera School District about Non-Creditable Prescription Drug Coverage and Medicare.”

If you or your family members aren’t currently covered by Medicare and won’t become covered by Medicare in the next 12 months, this notice doesn’t apply to you.

Notice of Creditable Coverage

Please read this notice carefully. It has information about prescription drug coverage available under the Larkspur-Corte Madera School District’s medical plans and prescription drug coverage available for people with Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage.

You may have heard about Medicare’s prescription drug coverage (called Part D), and wondered how it would affect you. Prescription drug coverage is available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans also offer more coverage for a higher monthly premium.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible, and each year from October 15 through December 7. Individuals leaving employer/union coverage may be eligible for a Medicare Special Enrollment Period.

If you are covered by a *Larkspur-Corte Madera School District* prescription drug plans listed below, you’ll be interested to know that the prescription drug coverage under the plans is, on average, at least as good as standard Medicare prescription drug coverage for 2015. This is called creditable coverage. Coverage under these plans will help you avoid a late Part D enrollment penalty if you are or become eligible for Medicare and later decide to enroll in a Medicare prescription drug plan.

- Kaiser Traditional HMO
- Kaiser Value HMO (DHMO)
- Kaiser HSA

If you decide to enroll in a Medicare prescription drug plan and you are an active employee or family member of an active employee, you may also continue your employer coverage. In this case, the *Larkspur-Corte Madera School District* plan will continue to pay primary or secondary as it had before you enrolled in a Medicare prescription drug plan. If you waive or drop the Larkspur-Corte Madera School District coverage, Medicare will be your only payer. You can re-enroll in the employer plan at annual enrollment or if you have a special enrollment event for the Larkspur-Corte Madera School District plan.

You should know that if you waive or leave coverage with the Larkspur-Corte Madera School District and you go 63 days or longer without creditable prescription drug coverage (once your applicable Medicare enrollment period ends), your monthly Part D premium will go up at least 1% per month for every month that you did not have creditable coverage. For example, if you go 19 months without coverage, your Medicare prescription drug plan premium will always be at least 19% higher than what most other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll in Part D.

You may receive this notice at other times in the future – such as before the next period you can enroll in Medicare prescription drug coverage, if the Larkspur-Corte Madera School District coverage changes, or upon your request.
