

**MANAGEMENT OF DISTRICT ASSETS/ACCOUNTS**

The Governing Board recognizes its fiduciary responsibility to effectively manage and safeguard the district's assets and resources in order to help achieve the district's goals for student learning. The Superintendent or designee shall establish and maintain an accurate, efficient financial management system that enhances the district's ability to meet its fiscal obligations, produces reliable financial reports, and complies with laws, regulations, policies, and procedures. He/she shall ensure that the district's accounting system provides ongoing internal controls and meets generally accepted accounting standards.

**Capital Assets**

The Superintendent or designee shall develop a system to accurately identify and value district assets in order to help ensure financial accountability and to minimize the risk of loss or misuse. District assets with a useful life of more than one year and an initial acquisition cost of \$5,000 or more shall be considered capital assets. The Superintendent or designee shall determine the estimated useful life of each capital asset and shall calculate and report the estimated loss of value or depreciation during each accounting period for all capital assets.

**Internal Controls/Fraud Prevention**

The Board expects Board members, employees, consultants, vendors, contractors, and other parties maintaining a business relationship with the district to act with integrity and due diligence in dealings involving the district's assets and fiscal resources.

The Superintendent or designee shall develop internal controls which aid in the prevention and detection of fraud, financial impropriety, or irregularity within the district. These internal controls may include, but are not limited to, segregating employee duties relating to authorization, custody of assets, and recording or reporting of transactions; providing detailed, written job descriptions explaining the segregation of functions; adopting an integrated financial system; conducting background checks on business office employees; and requiring continuous in-service training for business office staff on the importance of fraud prevention.

All employees shall be alert for any indication of fraud, financial impropriety, or irregularity within their area of responsibility. Any employee who suspects fraud, impropriety, or irregularity shall immediately report those suspicions to his/her immediate supervisor and/or the Superintendent or designee. In addition, the Superintendent or designee shall establish a method for employees and outside persons to anonymously report any suspected instances of fraud, impropriety, or irregularity.

The Superintendent or designee shall have primary responsibility for any necessary investigations of suspected fraud, impropriety, or irregularity, in coordination with legal counsel, the district's auditors, law enforcement agencies, or other governmental entities, as appropriate.

The Superintendent or designee shall provide regular reports to the Board on the status of the district's internal control procedures and recommend any necessary revisions to related Board policies or administrative regulations.

**MANAGEMENT OF DISTRICT ASSETS/ACCOUNTS**

In order to provide for the proper tracking and control of district property, the Superintendent or designee shall maintain an inventory of equipment in accordance with law for the following:

1. All equipment items currently valued in excess of \$500 (Education Code 35168)
2. All equipment items purchased with state and/or federal categorical funds that have a useful life of more than one year with an acquisition cost of \$500 or more per unit

In addition, the Superintendent or designee may maintain a list of specific items which shall be inventoried for internal control purposes regardless of their initial cost or current value.

The inventory shall contain a record of the following information: (Education Code 35168; 5 CCR 3946)

1. Name and description of the property
2. Identification number
3. Original cost of the item of equipment or a reasonable estimate if the original cost is unknown
4. Date of acquisition
5. Location of use
6. The date and method of disposal

In addition to the information specified in items #1-6 above, the following information shall be recorded for equipment acquired with state and/or federal categorical funds unless otherwise specified in law: (34 CFR 80.32; 5 CCR 3946)

1. Source of the property (funding source)
2. Titleholder
3. Percentage of federal participation in the cost of the property
4. Use and condition of property
5. Sale price of the property upon disposition and method used to determine current fair market value

At the time of purchase, the Superintendent or designee shall affix a label to the equipment containing the identification number and the district name. Equipment items purchased with categorical program funds shall also be labeled with the name of the project in accordance with 5 CCR 3946.

Whenever an equipment item is moved to a new location or the equipment is used for a new purpose, the new location or purpose shall be recorded in the inventory.

A copy of the inventory shall be kept at the district office and at the appropriate school site.

**Physical Inventory**

At least once every two years, a physical inventory of equipment shall be conducted and the results reconciled with the property records. (34 CFR 80.32)

The Superintendent or designee shall establish procedures for conducting the physical inventory which shall include, but not be limited to, designation of person(s) responsible for coordinating and conducting the inventory, preparation and distribution of count sheets, procedures for implementing the inventory, and procedures for conducting a recount to substantiate the validity of the inventory.

The Superintendent or designee shall investigate any differences between the quantities determined by the physical inspection and those in the accounting records.
