

FOOD SERVICE/CHILD NUTRITION PROGRAM

The Board of Trustees recognizes that adequate, nourishing food is essential to student health, development, and ability to learn. The Superintendent or designee shall develop strategies to increase students' access to the district's food service programs and to maximize their participation in available programs.

Foods and beverages available through the district's food service program shall:

1. Be carefully selected so as to contribute to students' nutritional well-being and the prevention of disease
2. Meet or exceed nutrition standards specified in law and administrative regulation
3. Be prepared in ways that will appeal to students, retain nutritive quality, and foster lifelong healthful eating habits
4. Be served in age-appropriate portions
5. Be available to students who meet federal eligibility criteria at no cost or at reduced prices, and to other students at reasonable prices

The district's food service program shall give priority to serving unprocessed foods and fresh fruits and vegetables.

District schools are encouraged to establish school gardens and/or farm-to-school projects to increase the availability of safe, fresh, seasonal fruits and vegetables for school meals and to support the district's nutrition education program.

To encourage student participation in school meal programs, schools may offer multiple choices of food items within a meal service, provided all food items meet nutrition standards and all students are given an opportunity to select any food item.

The Superintendent or designee may invite students and parents/guardians to participate in the selection of foods of good nutritional quality for school menus.

The Board desires to provide students with adequate time and space to eat meals. To the extent possible, school, recess, and transportation schedules shall be designed to encourage participation in school meal programs.

The Superintendent or designee shall periodically review the adequacy of school facilities for cafeteria eating and food preparation.

In accordance with law, the Superintendent or designee shall develop and maintain a food safety program in order to reduce the risk of foodborne hazards at each step of the food preparation process, from receiving to service.

The Superintendent or designee shall annually report to the Board on student participation in the district's nutrition programs and the extent to which the district's food services program meets state and federal nutrition standards for foods and beverages. In addition, the Superintendent or designee shall provide all necessary and available documentation required for the Administrative Review conducted by the California Department of Education (CDE) to

FOOD SERVICE/CHILD NUTRITION PROGRAM

Nutritional Standards for School Meals

Meals, food items, and beverages provided through the district's food services program shall: (Education Code 49531, 49553; 42 USC 1758, 1773)

1. Comply with National School Lunch and/or Breakfast Program standards for meal patterns, nutrient levels, and calorie requirements for the ages/grade levels served, as specified in 7 CFR 210.10, 220.8, or 220.23 as applicable
2. Not be deep fried, par fried, or flash fried, as defined in Education Code 49430 and 49430.7

Drinking Water

The district shall provide access to free, fresh drinking water during meal times in food service areas at all district schools, including, but not limited to, areas where reimbursable meals under the National School Lunch or Breakfast Program are served or consumed. (Education Code 38086; 42 USE 1758)

Special Milk Program

Any school that does not participate in the National School Lunch or Breakfast Program may participate in the Special Milk Program to provide all enrolled students with reasonably priced milk. (7 CFR 215.1)

Food Safety

The Superintendent or designee shall ensure that the district's food service program meets the applicable sanitation and safety requirements of the California Retail Food Code as set forth in Health and Safety Code 113700-114437.

For all district schools participating in the National School Lunch and/or School Breakfast Program, the Superintendent or designee shall implement a written food safety program for the storage, preparation, and service of school meals which complies with the national Hazard Analysis and Critical Control Point (HACCP) system. The district's HACCP plan shall include, but not be limited to, a determination of critical control points and critical limits at each stage of food production, monitoring procedures, corrective actions, and recordkeeping procedures. (42 USC 1758; 7 CFR 210.13, 220.7)

The Superintendent or designee shall provide ongoing staff development on food safety to food service managers and employees. Each new employee, including a substitute or volunteer, shall complete initial food safety training prior to handling food. The Superintendent or designee shall document the date, trainer, and subject of each training.

The Superintendent or designee shall assign staff to maintain records and logs documenting food safety activities, including, but not limited to, records of food deliveries, time and temperature monitoring during food production, equipment temperature (freezer, cooler, thermometer calibration), corrective actions, verification or review of safety efforts, and staff training.

Inspection of Food Facilities

All food preparation and service areas shall be inspected in accordance with Health and Safety Code 113725-113725.1 and applicable county regulations.

Each school participating in the National School Lunch and/or Breakfast Program shall, during each school year, obtain a minimum of two food safety inspections conducted by the county environmental health agency. (42 USC 1758; 7 CFR 210.13, 220.7)

The Superintendent or designee shall retain records from the most recent food safety inspection. All schools shall post a notice indicating that the most recent inspection report is available to any interested person upon request. (Health and Safety Code 113725.1; 42 USC 1758; 7 CFR 210.13, 210.15, 220.7)
