

**ARCHITECTURAL AND ENGINEERING SERVICES**

In order to ensure safe construction and protect the investment of public funds, the Board of Trustees requires that a licensed and certified architect or structural engineer be employed to design and supervise the construction of district schools and other facilities.

For each project, he/she shall recommend specific architectural and engineering firms to the Board. The Board shall pay fair and reasonable amounts warranted by the provider's qualifications and competence. The Board need not select the lowest responsible bidder.
