

SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES

The Board of Trustees recognizes its fiscal responsibility to maximize the use of district materials, district equipment, supplies, instructional materials, and other personal property while providing up-to-date resources that facilitate student learning and effective district operations. When the Board, upon recommendation of the Superintendent or designee, declares any district-owned personal property unusable, obsolete, or no longer needed, the Board shall determine the estimated value of the property and shall decide whether the property will be donated, sold, or disposed of as prescribed by law and administrative regulation.

The Board shall approve the price and terms of any sale or lease of personal property of the district.

If the Board members who are in attendance at a meeting unanimously agree that the property, whether one or more items, does not exceed \$2,500 in value, the property may be sold without advertising for bids. (Education Code 17546)

If the Board members who are in attendance at a meeting unanimously find that the value of the property is insufficient to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the Board or may be disposed of in the local public dump. (Education Code 17546)

Instructional materials shall be considered obsolete or unusable by the district if they have been replaced by more recent editions or new materials selected by the Board, are not aligned with the district's academic standards or course of study, and have no foreseeable value in other instructional areas. Such materials may be sold or donated if they continue to serve educational purposes that would benefit others outside the district. Instructional materials are not appropriate for sale or donation if they meet any of the following criteria:

1. Contain information rendered inaccurate or incomplete by new research or technologies
2. Contain demeaning, stereotyping or patronizing references to any group of persons protected against discrimination by law or Board policy
3. Are damaged beyond use or repair

The Superintendent or designee shall establish procedures to be used whenever the district sells equipment or supplies originally acquired under a federal grant or subgrant. Such procedures shall be designated to ensure the highest possible return. (2 CFR 200.313)

SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES

Surplus or undistributed obsolete instructional materials that are usable for educational purposes may be sold by the district. Alternatively, such materials may also be donated to:

1. Another district, county free library, or other state institution;
2. A United States public agency or institution;
3. A nonprofit charitable organization
4. Children or adults in California or foreign countries for the purpose of increasing the general literacy of the people (cf. 0440 - District Technology Plan).

Any organization, agency, or institution receiving obsolete instructional materials donated by the district shall certify to the Board of Trustees that it agrees to make no charge to any persons to whom it gives or lends these materials. (Education Code 60511)

At least 60 days before selling or donating surplus or obsolete instructional materials, the Superintendent or designee shall notify the public of the district's intention to do so through a public service announcement on a local television station, in a local newspaper, or by other means that will most effectively reach the entities described above. Representatives of those entities and members of the public also shall be notified of the opportunity to address the Board regarding the distribution of these materials.

Surplus or undistributed obsolete instructional materials which are unusable or which cannot be distributed as specified above may be disposed of by either of the following: (Education Code 60530)

1. Mutilated so as to not be salable as instructional materials and sold for scrap or for use in the manufacture of paper pulp or other substances at the highest obtainable price
2. Destroyed by any economical means, provided that the materials are not destroyed until at least 30 days after the Board district has given notice to all persons who have filed a request for such notice

Equipment/Supplies Acquired with Federal Funds

When the district has a need to replace equipment originally purchased with funds from a federal grant or subgrant, it may, subject to the approval of the agency that awarded the grant, trade in the original equipment or sell the property and use the proceeds to offset the cost of the replacement property. (2 CFR 200.313)

When any original or replacement equipment or supplies acquired under a federal grant or subgrant are no longer needed for the original project or program or for other federally supported activities, the district may retain or sell such items or, if the item has a current fair market value of less than \$5,000, may otherwise dispose of the item in a manner approved by the Board. Whenever the district sells equipment or supplies that have a current fair market value of \$5,000 or more, it shall provide an amount to the federal agency equal to the agency's share of the current market value of the equipment or the proceeds from the sale of the equipment or supplies. (2 CFR 200.313, 200.314)

In the event that the district is provided equipment that is federally owned, the district shall request disposition instructions from the federal agency when it no longer needs the equipment. (2 CFR 200.313)

Other Personal Property

The district may sell other surplus or obsolete district-owned personal property through any of the following methods:

1. The Superintendent or designee may advertise for bids by posting a notice in at least three public places in the district for at least two weeks, or by publishing a notice at least once a week for at least two weeks in a newspaper having a general circulation in the district and, if possible, publishing within the district. The district shall sell the property to the highest responsible bidder or shall reject all bids. (Education Code 17545, 17548)

Property for which no qualified bid has been received may be sold, without further advertising, by the Superintendent or designee. (Education Code 17546)

2. The property may be sold by means of a public auction conducted by district employees, employees of other public agencies, or by contract with a private auction firm. (Education Code 17545)

3. The district may sell the property without advertising for bids under any of the following conditions:

- a. The Board members in attendance at a meeting have unanimously determined that the property does not exceed \$2,500 in value. (Education Code 17546)

- b. The district sells the property to agencies of the federal, state, or local government, to any other school district, or to any agency eligible under the federal surplus property law and the sale price equals the cost of the property plus the estimated cost of purchasing, storing, and handling. (Education Code 17540; 40 USC 549)

- c. The district sells or leases the property to agencies of the federal, state, or local government or to any other school district and the price and terms of the sale or lease are fixed by the Board and approved by the County Superintendent of Schools. (Education Code 17542)

Money received from the sale of surplus personal property shall be either deposited in the district reserve or general fund or credited to the fund from which the original purchase was made. (Education Code 17547)
