2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Hall Middle School is in the Larkspur-Corte Madera School District, located in Larkspur, California in beautiful Marin County (north of San Francisco). Hall has won numerous recognitions for its excellence in education, including being named a 2021 National and 2019 California Distinguished School for exceptional student performance for two years. Hall was the only middle school in California to receive the 2021 National Distinguished honor out of 223 secondary schools. Hall has also received the California Gold Ribbon School Award, and was awarded a 2019 Schools to Watch designation by the National Forum to Accelerate Middle-Grades Reform.

The academic curriculum includes language arts, social studies, mathematics, science, Spanish, and physical education. Enrichment offerings include technology, art, vocal and instrumental music, leadership, and other subjects. The school is supported by a strong, active parent base and dedicated staff.

Mission Statement: We are collaborative and compassionate catalysts for growth who inspire and promote well-rounded, lifelong learners and future citizens of the world through a challenging, innovative curriculum with creativity and rigor.

Vision Statement: Hall Middle School is a safe and supportive learning environment where all students can learn. Diversity enriches our school and each student is a valued individual with unique physical, social, emotional, and intellectual needs. The goal of our educational programs is to prepare students to become contributing members of society.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	75	N/A	79	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Hall Middle School believes that active parental involvement is a key aspect of a healthy and vibrant school culture. Hall provides for the involvement of parents and community through a variety of means. The family-school connection is intentionally developed by a wide array of parent involvement/partnership activities such as parent-teacher conferences, School Site Council, PTA, DELAC, parent education sessions, Superintendent Coffee Chats, all-school assemblies/speaker events, parent tours and outreach meetings to parents of incoming students. Critical information is communicated to parents in a variety of ways, such as school and district print and electronic newsletters, web postings, e-mail, Actional communications, social media posts, and telephone calls.

2021-22 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Safety of students and staff is a primary concern of Hall Middle School. The school is always in compliance with all laws, rules, and regulations pertaining to safety standards. It has a Comprehensive School Safety Plan that includes strategies and programs to address a) child abuse reporting procedures; b) disaster procedures; c) policies regarding actions leading to suspension and/or expulsion; d) procedures to notify teachers of dangerous pupils; e) sexual and gender-based harassment policies; f) school-wide dress code; g) procedures for safe ingress and egress of pupils; h) rules and procedures on school discipline; i) bullying and harassment policies; j) suicide prevention measures; k) school counseling; and l) School Resource Officer. The safety plan is reviewed in September and updated annually by staff and stakeholder input.

In conjunction with the district's Comprehensive School Safety Plan, the school conducts annual emergency/disaster drills and trains teachers and volunteers in search and rescue, first aid, and Community Emergency Response Team (CERT) training as provided by local emergency preparedness professionals. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Our district procured a 3-year (January 2022- December 2024) safety grant and designated a part time administrative position to oversee this grant. As such, we have conducted several additional trainings including wildfire safety, trauma-informed practices, lockdown/evacuation procedures, etc. We have also been able to ensure that our safety supplies are robust and current.

Day-to-day security of the campus is closely monitored by school personnel and a visitor check-in badge system. A full-scale, school-wide emergency drill involving students, staff, and volunteers as well as Central Marin Fire Department and/or Central Marin Police Authority advisors takes place annually. The campus is closely monitored by district maintenance and operations personnel. In addition, students have access to a school counselor as well as their teachers with regard to matters of personal safety on campus. Student conflict resolution strategies based on mindfulness practices support the social/emotional growth of our students.

Professional Development

Hall has engaged in very specific Professional Development since 2019-20, focused on designing and implementing Standard Based Grading (SBG). For the 2021- 22 school year, Hall began to work with Marzano consultants to continue to refine and implement standards-based reporting and learning across our campus. Teams worked to revise and adjust curriculum maps, power standards and proficiency scales to support student academic achievement. In 2022-23, Hall is implementing standards-based practices into classrooms using proficiency scales, and refining these practices with the Marzano consultants.

The TOSA Leader for Equity engages the staff to ensure an equity lens in their educational practices. During district PD days and staff meetings, certificated staff engage in cycles of impact, creating and implementing an action plan and then analyzing results. These sessions guide staff to explore issues around race, implicit bias and racial mindsets and their impact on students and families.

The district Teachers on Special Assignment (TOSA) for literacy and math support language arts and mathematics teachers through department and district trainings, as well as individual and team coaching. These supports help teachers incorporate strategies for effective delivery of CGI math and Readers and Writers Workshop curriculum. Additionally, the TOSA works with teachers to implement specific strategies and routines for students who require additional support.

Momentum in Teaching is providing Lab Days to deepen teacher training in Cognitively Guided Instruction in Mathematics (CGI) for mathematics teachers, and Readers and Writers Workshop for language arts teachers. They are also providing individual coaching opportunities.

The district office and administrative site leaders continue to participate in Collaborative Inquiry Visits to each site to support teacher professional development and continuous improvement with feedback from school-wide observations. Principals work with teachers to identify professional growth goals and avenues for support, including coaching, conferences and workshops. Additionally, administrators provide professional growth opportunities during faculty meetings that occur twice a month.

This table displays the number of school days dedicated to staff development and continuous improvement.
