# 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

# General Information about the School Accountability Report Card (SARC)

# SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <a href="https://www.cde.ca.gov/ta/ac/sa/">https://www.cde.ca.gov/ta/ac/sa/</a>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

# Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a>.

# Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a>.

#### 2024-25 School Description and Mission Statement

#### Mission

The Cove School is a community of active learners who inquire, think critically, collaborate, explore, and create. By encouraging and supporting individuals to take risks, play and pursue passions, we foster intrinsic motivation to learn and discover the world around us. We learn through a multidisciplinary approach and utilize facilities and technologies that support this vision. Achievements of all are individually and collectively recognized and celebrated.

**School Description** 

#### 2024-25 School Description and Mission Statement

Established in 2014, The Cove School is an award-winning, innovative K-5 public elementary school built around forward-thinking educational practices and flexible learning spaces.

#### **Guiding Principles**

At the center of The Cove School are four Guiding Principles: Experiential Learning, Social and Emotional Growth, Creativity, and Community. These principles are brought to life through a variety of Cove Signature Practices.

- 1) Critical Thinking Through Experiential Learning: Teachers integrate a variety of curriculum areas into inquiry-based units built around the Common Core standards, using technology as a tool to deepen understanding. Through differentiated, small-group instruction and proven strategies for language development, teachers keep students actively engaged in learning.
- 2) Social and Emotional Growth: Social and emotional growth are key parts of the Cove learning experience. Our responsive classroom approach promotes respectful, healthy relationships, and mindfulness practices built into the daily routine foster self-discipline. Together, these techniques help children become responsible, focused, and reflective learners.
- 3) Creativity: The Cove Signature Practices encourage students to explore challenging questions and devise creative solutions. Our students' creativity and natural curiosity are nurtured through the process of tinkering, making, and innovating. The Design Thinking process teaches students how to grow ideas by moving beyond their first thought.
- 4) Community: Community engagement and collaborative teaching help The Cove School thrive. Everyone contributes in their own way and has collective ownership of Cove's success. We also collaborate with local organizations to exchange ideas and expand our thinking.

Through a strong commitment to our mission, ongoing reflection, and continuous improvement of our practices, we at The Cove School are dedicated to delivering inspirational learning experiences for all of our students.

### **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### **College and Career Ready**

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	82	77	73	71	34	35

# 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

#### **CAASPP Test Results in Science for All Students**

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Our school provides for the involvement of parents and community through a variety of means. The family-school connection is intentionally developed by a wide array of parent involvement/partnership activities such as Back to School Night, parent-teacher conferences, PTO events, principal parent chats, superintendent coffee chats, new family welcome events, a Kindergarten Social and parent education events. Critical information is communicated to parents in a variety of ways, such as school and district electronic newsletters via ParentSquare (print versions available as necessary), website postings, email, text messages and telephone (voicemail). Parents have the ability to communicate with teachers and administrators via phone, email or ParentSquare. School websites and ParentSquare communication offer translation into each family's preferred language. Additionally, we offer interpretation services at events and meetings.

The school conducts a parent, student and staff survey annually to determine perceived areas of strength and need. The findings are used to help administration and staff prioritize goals and programs for the upcoming year. The PTO and SPARK (Larkspur-Corte Madera Schools Foundation) provide strong venues for parent participation and support of the schools. There are faculty representatives for both groups to facilitate communication. Both the PTO and SPARK are staffed by parents who are passionate about improving the quality of our students' education, supporting teachers and administrators, keeping families connected to school events, beautifying the campus, and much more.

# 2024-25 School Safety Plan

Safety of students and staff is a priority. The school is in compliance with all laws, rules, and regulations pertaining to safety standards. It has a Comprehensive School Safety Plan that includes strategies and programs to address a) child abuse reporting procedures; b) disaster procedures; c) policies regarding actions leading to suspension and/or expulsion; d)

#### 2024-25 School Safety Plan

procedures to notify teachers of dangerous pupils; e) sexual and gender-based harassment policies; f) district-wide dress code; q) procedures for safe ingress and egress of pupils; h) rules and procedures on school discipline; i) bullying and harassment policies; j) suicide prevention measures; k) school counseling; and l) School Resource Officer. The safety plan is reviewed in September and updated annually using staff and stakeholder input.

In conjunction with the district's Comprehensive School Safety Plan, the school conducts monthly emergency/disaster drills. A full-scale, school-wide emergency drill involving students, staff, and volunteers as well as Central Marin Fire Department and/or Central Marin Police Authority advisors takes place annually. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Our district procured a 3-year (January 2022- December 2024) safety grant and designated a part time administrative position to oversee this grant. As such, we have conducted several additional trainings including wildfire safety, trauma-informed practices, lockdown/evacuation procedures, Share 911, etc. We have also ensured that our safety supplies are current and sufficient.

Day-to-day security of the campus is closely monitored by school personnel, a visitor check-in badge system, and campus security cameras. The safety and cleanliness of buildings and grounds are closely monitored by district maintenance and operations personnel. Students have access to a school counselor as well as their teachers with regard to matters of personal safety on campus. Students develop social and emotional skills through direct instruction from teachers and school counselors. In addition to these safety practices we have a school safety task force composed of administrators certificated staff, classified staff, parents. This task force focuses on physical and facility safety along with social emotional wellness of students and staff. Our task force engages in monthly meetings.

#### **Professional Development**

Professional development for the 2024-2025 school year has been focused on instructional practices in literacy and mathematics. The district Teachers on Special Assignment (TOSA) for literacy and math support classroom teachers through a variety of professional development activities, including staff development day trainings, Data Learning Labs, and coaching days. In addition, the TOSAs provide coaching to teachers individually and in teams. These supports help teachers incorporate strategies for effective delivery of Cognitively Guided Instruction in math (CGI) and literacy curriculum. Additionally, the TOSA works with teachers to implement specific strategies and routines for students who require additional support.

In addition to these professional development activities, the district has provided extensive professional development in safety practices, district benchmark assessments, social justice lesson preparation, emergency response procedures, and student behavioral interventions and support. Along with after school trainings, all participated in one additional professional development day focused on safety practices.

District and site administrative leaders continue to participate in Collaborative Inquiry Visits to each site to support site leaders in furthering their school's continuous improvement with feedback from school-wide observations. Principals work with teachers to identify professional growth goals and avenues for support, including coaching, conferences and workshops. Administrators provide professional growth opportunities during faculty meetings that occur twice a month.

This table displays the number of school days dedicated to staff development and continuous improvement.
