The Board and district staff shall incorporate this philosophy in all district programs and activities.

It is the philosophy of the district that:

2. Every student in the district, regardless of gender, special needs, or social, ethnic, language or economic background has a right to a high-quality education that challenges the student to achieve his/her fullest potential.
3. The future of our nation and community depends on students possessing the skills to be lifelong learners and effective, contributing members of society.
4. A safe, nurturing environment is necessary for learning.
5. Parents/guardians have a right and an obligation to participate in their child's schooling.
6. The ability of children to learn is affected by social, health and economic conditions and other factors outside the classroom.
7. Early identification of student learning and behavioral difficulties contributes to student success.
8. Students and staff respond positively to high expectations and recognition for their accomplishments.
9. Continuous school improvement is necessary to meet the needs of students in a changing economy and society.
10. The diversity of the student population and staff enriches the learning experience for all students.
11. A highly skilled and dedicated staff has a direct and powerful influence on students' lives and learning.
12. A high level of communication, trust, respect and teamwork among Board members and the Superintendent contributes to effective decision making.
13. The community provides an essential resource to the educational program.
14. Effective communication with all stakeholders helps build support for the schools.
15. Accountability for the district's programs and operations is shared by the entire educational community, with the ultimate accountability resting with the Board as the basic embodiment of representative government.
