

**SCHOOL SPONSORED TRIPS**

The Board of Trustees recognizes that school-sponsored trips are an important component of a student's development and supplement and enrich the classroom learning experience. School-sponsored trips may be conducted in connection with the district's course of study or school-related social, educational, cultural, athletic, school band activities, or other extracurricular or cocurricular activities. A field trip to a foreign country may be permitted to familiarize students with the language, history, geography, natural science, and other studies relative to the district's course of study.

Requests for school-sponsored trips involving out-of-state, out-of-country, or overnight travel shall be submitted to the Superintendent or designee. The Superintendent or designee shall review the request and make a recommendation to the Board as to whether the request should be approved by the Board. All other school-sponsored trips shall be approved in advance by the principal.

The principal shall establish a process for approving a staff member's request to conduct a school-sponsored trip. When planning trips, staff shall consider student safety, parent involvement and training, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.

No field trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. The Superintendent or designee shall coordinate with community groups to supply funds for students in need. (Education Code 35330)

District funds shall not be used to pay student expenses for out-of-state or out-of-country field trips or excursions. However, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds. (Education Code 35330)

**SCHOOL SPONSORED TRIPS****Supervision**

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. No trips involving water activities are allowed.

**Parent/Guardian Permission**

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

**Safety Issues**

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district's self-insurance program makes available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)
3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.
4. Before trips of more than a full day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.
