

RESEARCH

The Board of Trustees recognizes the value of academic research to improve educational programs and practices. Researchers shall respect the privacy rights of students, including their right to refrain from participation in research projects in accordance with law, Board policy and administrative regulation.

The Superintendent or designee may authorize research projects within the district by outside groups or persons when such research is aligned with district goals and objectives and is likely to benefit the district without disrupting the school program.

The Superintendent or designee shall ensure that parents/guardians receive prior notification of any surveys or evaluations that collect personal student information and that consent is obtained in accordance with law.

RESEARCH

Persons or groups wishing to use district staff, students or property in connection with an academic research project shall submit to the Superintendent or designee a written proposal which includes:

1. Name of researcher(s) and academic credentials
2. Purpose and scope of the project
3. Method of study or investigation to be used
4. Extent of participation expected of students and staff
5. Use to which project results will be put
6. Benefits to the school(s) or the district

The Superintendent or designee shall evaluate the extent to which the proposal:

1. Shows potential for improving instructional programs and strategies
2. Addresses a relevant educational problem, concern or issue
3. Is designed to minimize interruptions and demands upon the time of students and staff

The Superintendent or designee may approve the proposed project for a period of one school year or less. To extend any project into a second school year, the researcher(s) must obtain approval from the Superintendent or designee.

Researchers shall certify that they will use no school names in the publication of findings without the approval of the Superintendent or designee.
