

EVALUATION OF THE INSTRUCTIONAL PROGRAM

The Board of Trustees recognizes that it is accountable to students, parents/guardians, and the community for the effectiveness of the district's educational program in meeting district goals for student learning. The Superintendent or designee shall conduct a continual evaluation of the curriculum and the instructional program in order to improve student achievement.

The Superintendent or designee shall provide the Board and the community with regular reports on student progress toward Board-established standards of expected achievement at each grade level in each area of study. In addition, he/she shall evaluate and report data for each district school and for every numerically significant student subgroup, as defined in Education Code 52052, including, but not limited to, school and subgroup performance on statewide achievement indicators and progress toward goals specified in the district's local control and accountability plan (LCAP).

Based on these reports, the Board shall take appropriate actions to maintain the effectiveness of programs and to improve the quality of education that district students receive.

Annual Monitoring of Consolidated Application Programs

The Board and the Superintendent or designee shall annually determine whether the district's categorical programs funded through the state's consolidated application are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the district level. These criteria may include, but are not necessarily limited to, the progress of all students and of each numerically significant subgroup toward goals contained in the district's LCAP, the school's single plan for student achievement, Title I local educational agency plan, and/or other applicable district or school plans.

Federal Program Monitoring

When the district is selected by the CDE for a Federal Program Monitoring (FPM) compliance review, the Superintendent or designee shall gather and submit all documentation and data required for the review and shall cooperate with CDE staff to facilitate program monitoring.

In the event that the FPM review results in a finding of noncompliance in relation to any program, the Superintendent or designee shall submit a proposed resolution to the CDE within 45 days of the date the district was notified of the finding. The resolution shall be implemented in accordance with the terms and timeframe specified in the resolution agreement with the CDE.

The Superintendent or designee shall report to the Board regarding the results of the review process.
